Establishing Bethany's Plan for the Future

## Location:

TVF&R Station #68,  
13545 NW Evergreen St.  
Portland 97229

**Time:** 7:00PM

## Bethany

**This series is about YOU and Bethany's future.  
Please come and join us.**

Today, Bethany has a population of 31,000 and projections of up to 46,000 within the next 10 to 20 years. Important decisions are on the short horizon that will directly affect the Bethany community.

Does Bethany have the necessary tools and government services to accommodate this growth, to represent the community's desires, and to address community needs?

CPO7 has invited the City of Beaverton in collaboration with our existing service providers to describe what services they can offer our community.

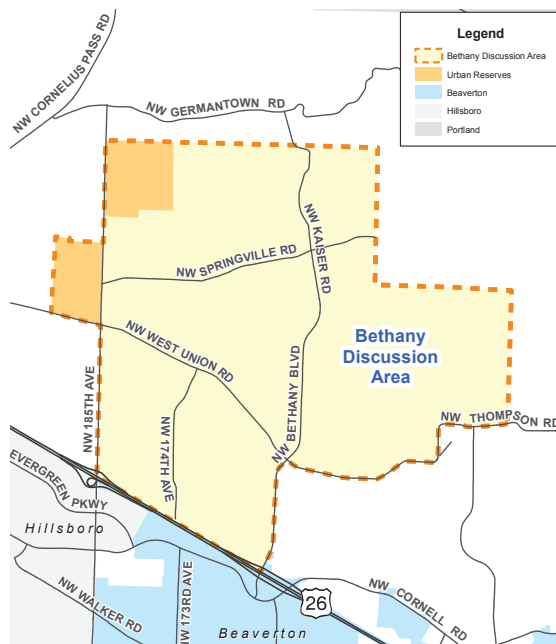

- Learn what the City of Beaverton can provide if Bethany were to become part of Beaverton.
- Learn the facts from Washington County if the community remains unincorporated.
- Share your vision for what our community needs more and less of what we have today.
- Establish Bethany's plan for the future.
